

7

101

A large, ornate initial 'B' from a manuscript. The letter is filled with intricate, dark, swirling patterns. A donkey's head is integrated into the top left of the letter, facing left. In the center of the letter, there is a circular medallion containing a figure, possibly a saint or a religious figure, seated and holding a book. The background of the manuscript page is light-colored with some faint, illegible text visible above the initial.
