Poetae latini Vol. VI,1

Contents: Latin poems of the 8. and 9.century; espescially a new edition of the Waltharius, which is of great scientific importance; poems of Gottschalk of Aachen, whose writings in prose came out 1946 in a belgian edition; poems of several authors, mostly unprinted.

Extent: 29 folios in 4^{o} (232 pages)

The volume was already printed during the war,.but the copies were destroyed by an air-raid. But one copy in proof-sheets was preserved and so there is no difficulty to reprint it.
