Dear Professor Baethgen,

Professor J.P. Elder has recently written us concerning sending you SPECULUM, volumes 16 to date. All of these are available with the exception of volume 21 (1946) which is out of print.

Before forwarding them we wish to be certain of the manner in which these should be addressed for your purposes. Some months ago an order sent to Germany went astray despite the fact it was under the care of the military. Thus we wish to employ every caution before actually despatching this order.

Your zone number is particularly important, for the authorities will accept no parcel without one.

If you will communicate to us exact information in regard to this matter, we shall be glad to forward you the volumes as Professor Elder has requested.

Yours sincerely,

W. E. Miller
