C IL VI 6,I (Indices,Fasc.I, ed.M.Bang,,1926) page 196, column 3, lists "L.Vibine Cerdo", but the member of the inscription in which he is sipposed to appear ("39783") is one which does not appear in the volumes of C IL VI piblished to date.

What are we to infer? that this is a wrong member? or that is the correct member of the (as yet unpublished) inscription?
