Dear Professor Baethgen.

13. i. 1948

Ernst Kantorowicz told me recently you might be able to get for me copies of several books I should like to have: Berger: *Die Fürstenspiegel d. hohen Mittelalters*; Häpfl: *Der sizilische Grosshof unter Kaiser Friedrich II*; Scholz: *Wilhelm von Ockham als politischer Denker*; *Corona Quereca*. My University Library would also like to have the *Deutsches Archiv f. Gesch. d. Mittelalters* since 1939. We could arrange payment in any way convenient to you. I hope to be in Munich this coming summer for work in the Staatsbibliothek. I should hope to see you then.

Yours truly

S. H. Thomson
