

Subject: Scientific material belonging to "Codices
Latini Antiquiores" edited by the American
Council of Learned Societies

To

Captain L a n d e e n
Military Government

The undersigned has been collaborating with Professor
Dr. E.A. L o w e (University of Princeton) N.J.) from
1933 until the outbreak of the war at "Codices Latini
Antiquiores" edited by the American Council of Learned
Societies. A considerable part of the material gathered
in European libraries and a number of negatives taken
from manuscripts were left in my hands. I should like
to inform Prof. Lowe (Flexner Institute of Advanced
Studies, 20 Nassau Street, Princeton), that all this
material has survived the war without damage and ask
him for order concerning the material and the work.
