

Regarding the long overdue Smaragdus -
my doctoral dissertation was "a prolegomena to
the Unpublished Text of Smaragdus - as grammaticus."
Then I discussed the sources of Smaragdus - you
are perfectly ^{welcome} to that - perhaps I have a copy in
the States. If not - would a film of the dissertation
help you? The text is still in a scrappy state -
my typed copy is in the States. You are also most
welcome to borrow it - but how send it safely
to you now? I hope to complete it after

I return to the States + have is properly in
order - Perhaps a film can be made of the text
(There is a very cheap service in Washington) - I'll
do what I can - Does Professor Beeson know
about your grammatical text? He is not interested
in that sort of thing - as you know -

Next week I am going to Switzerland for
about 10 days (Basle, St. Gall, Berne, Zurich). -
Do you have any commissions? Address me. American
Express Co, Basel, Switzerland - A notation from
Berthold enclosed - Kindest regards to you and your wife -
Sincerely - Alice Kilbre
