

S. J. R. - Hov.

I have I have spent
in the night I have been
high. Titled as I have
been in the night.

Do it in the night
highly in the night
down about the night
in the night
but as not kind, do it in the night
and not in the night; it is
in the night.

Do it in the night
in the night
in the night; and it is
in the night.

In the night.
