

Welcome to the Marble City of Kilkenny and to Ireland's friendly and modern Newpark Hotel. It is set apart on 50 acres of lawn and woodland. The Hotel building is a blend of old stone housing reception areas and bedroom suites; and two modern wings, one comprising the bedroom block and the other the function rooms. The entire building combines to re-create the charm of the past with the luxury of today. Its contemporary design and decor, its up-to-date amenities and comforts, its friendly prompt service and the hospitality Kilkenny is famous for, will delight you.
