Professor Dr. Hartmut Hoffmann  
Seminar für Mittlere  
Und Neuere Geschichte  
D-3400 Göttingen  
Nikolausberger Weg 9C  
W. Germany

Dear Dr. Hoffmann:

I have received your letter of 18 June. Conservation considerations are of primary importance at the Harry Ransom Humanities Research Center and the Bede manuscript you have requested be microfilmed has been determined too fragile to be photoduplicated in any way, shape or form at this time. I am sorry but we cannot meet your request.

With kind regards.

Sincerely,

Cathy Henderson  
Research Librarian  
Harry Ransom Humanities Research Center
