

or m.i. - word
η = ni (see where else found)

Paris, Bibl. Nat. Lat. 17957 (contd.)

Gr = g capital

of dots mark expunction.

54

s, q, b, and n have fantastic

forms.

Simple black pen and ink initials and a few fancy

hollow capitals. Parchment is of continental type but inferior quality. Script is a ~~fine~~ - Caroline minuscule by many hands

Written by many hands, all indicating the North of France and the influence of Corbie styles (the abbreviation-sign

h 3, A 8 12

η = ni (f. 80)

Scribe did not know the letter because
his η look like 21 + his K like R (60)

Written probably in the North of France. in a centre with A-Saxon connections.

Copied by quires. See spreading at end
99 (f. 63)
